**FAST
EASY
RELAY
DIVIDERS**

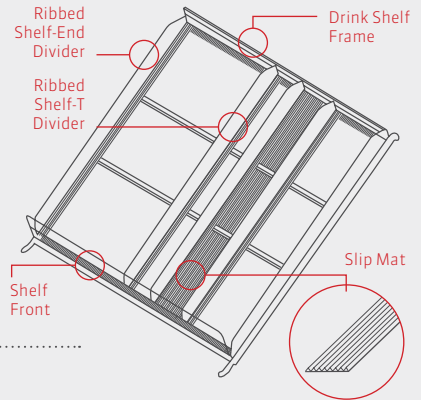

DRINK FLOW RACKING

Main Benefits

- » **Sell more** from cool room shelves permanently faced up... all day, every day
- » **Save more** because cool room shelves require less maintenance and labour costs are lower
- » **Making you more profit**

Other Benefits

- » Drinks remain faced up even at rush hour
- » Providing a superior presentation to flat wire shelves
- » For easier customer identification and access
- » Dividers are adjustable for any bottle or can size
- » Single items can be ranged next to carton packs
- » Rear loading allows fast, easy re-stocking
- » Products do not spread out when stocking
- » Puts more stock on the shelf, not on the floor
- » Staff spend less time in the cool room
- » Staff spend more time with customers
